**County to require checklists for building permit applications**

LĪHU'E – County officials today announced that starting next month all building permit applications, residential and commercial, must be accompanied by a completed checklist.

The change will take effect on Oct. 1.

“The checklists were designed to expedite the permit and plan review process, and to ensure that the submittals are complete as well as take into account critical code issues,” said Acting County Engineer Lyle Tabata.

To access the checklists, please go to <http://www.kauai.gov/PublicWorks/Building>.

Anyone with questions can call the Building Division at 241-4854.
